## Key Release

 I don't need to provide Go Play with a key as somebody will be at home for each pick up and drop off.

For each visit, I'd like Go Play to collect a key from:   
and return it to:

 I release my house key to Go Play and permit Go Play to enter my house for any bookings I agree to. I may revoke this release at any time and expect my key to be returned in a timely manner if I decide to do so.

I'd like Go Play to retain a key for convenience and future use until I request it is returned.

 I have handed over a key in person

 I will leave a key here:
